

War-gaming Collection Cabinets

RWV Products Limited design and manufacture solid wood cabinets.

We have recently introduced war-gaming collection cabinets to our range of specialist furniture.

Manufactured from solid wood and real wood veneers the cabinets compliment the time and value invested in army collections.

Specifically designed for war-gaming collections the cabinets have:

- Solid wood top and bottom
- Solid wood drawer fronts
- Birch ply drawer bodies

The **standard cabinet** stands 995 mm high is 1135 mm wide and 690 mm deep (approx.).

Cabinets are available in a variety of wood species, including oak, mahogany and pine.

Prices start at £550.

Following the success of our standard cabinet we have now designed a smaller version.

Again manufactured from solid wood and real wood veneers these cabinets are aimed at start-up collections and smaller armies.

Our **mini cabinet** stands 665 mm high is 395 mm wide and 435 mm deep.

Cabinets are available in a variety of wood species, including cherry, curl mahogany, oak and pine.

Prices start at £210.

War-gaming Collection Cabinets

Drawers are specifically designed for war-gaming collections with solid wood drawer fronts and birch ply drawer bodies.

The top three drawers (numbers 1 to 3) are 50mm deep and are suitable for various types of infantry.

Drawers are shown with our optional dividers. Divisions are 50x50mm, with 119 divisions per drawer.

At four men per division this equates to 476 individual infantrymen per drawer.

The middle three drawers (numbers 4 to 6) are 75mm deep and are suitable for larger models, eg calvary of various types.

The optional divisions are 75x50mm, with 84 divisions per drawer.

Drawers 7 and 8 are 100mm deep and are suitable for larger models.

Drawers 9 and 10 are 150mm deep are suitable for the largest of models e.g. especially tanks and vehicles.
